Engaging Faculty in Creating Novel Programs with Impact

1) Provide an overview of your institution and what are the vision and goals of your institution with regard to global engagement?

2) What are some overall strategies to engage faculty and how do you create a broader environment conducive to faculty involvement?

3) What are examples of some innovative programs on your campus that increase faculty engagement?

4) What are some continuing challenges or lessons learned from these or other programs?
Texas A&M University
