

# Student Persistence Measure (SPM)

## Dimensions

### **Degree Commitment:**

Importance the student confers to earning a college degree.

### **Institutional Commitment**

Commitment to earning a college degree.

### **Academic Orientation**

Intellectual curiosity, orientation to and like for learning, reading for pleasure, and self-confidence in one's ability to do well in school.

### **Academic Integration**

How much one's academic goals are advanced by the institution's curriculum, instruction, and interactions with professors and other students.

### **Social Integration**

Student's sense of being part of the campus community which is respectful and inclusive.

### **Social Support Service Satisfaction**

Perception of how well one's out-of-the-classroom school-related needs are met by the various institution's social support agencies.

### **Adjustment & Wellbeing**

Overall sense of physical and psychological health as well as the mechanisms they use to cope with the various types of stress that arise in and out of the college environment.

### **Financial Strain**

Sufficiency to meet their basic and school-related needs, and their knowledge of financial aid programs available to them as college students.
